

Unemployment Insurance Appeals

By Carmela J. Woll, Esq.

The Law Office of Carmela J. Woll dedicates an entire practice area to Unemployment Insurance appeals. In doing so, we bring years of experience from both sides of employment law to every unemployment insurance appeal we handle.

Unemployment Insurance Dispute? Denied Unemployment Benefits by the EDD?

These appeals are handled through the state Administrative Law system. In these administrative proceedings, the rules and procedures differ greatly from normal courtroom proceedings. We know these differences and how to handle them.

Our knowledge, based on local experience, includes an understanding of the practical terrain involved in these matters such as how administrative law judges (ALJs) may receive certain legal arguments or respond to certain legal strategies. Our seasoned legal judgment in these matters enables us to effectively devote more time to working with our clients on an individual basis.

Because of our dedication to understanding the specific circumstances involved in our client's case, we develop persuasive appellate arguments that are specifically tailored to our client's particular needs. As a result, clients appreciate the value that attorney Woll's accessibility brings in these matters.

In addition to offering full representation in these cases, Attorney Carmela Woll also offers limited scope of representation arrangements. Under these limited representation arrangements, Ms. Woll works with you only on those discrete aspects of a case you identify.
